

*JKL Global Sales Inc.  
Parts Catalogue*

## **Distributors**

**JKL Imports and manufactures a wide selection of high quality vacuum components. With over 60 years of industry experience, we have established relationships with most vacuum cleaner distributors in North America. We offer a quick and reliable service with an extensive inventory insuring a high fill rate. Our contacts overseas enable us to design, manufacture or source any vacuum components to your requirements. In addition to our core products, we can also quote on custom products where the volume requirements exceed 2,500 pieces.**

## **OEM**

**JKL provides products to many of the vacuum industries OEM's in North America. From standard items such as wands, cuffs and cords to items specifically designed and manufactured to your requirements.**

**We are able to source manufacturers worldwide to provide products to meet your needs whether those products are standard or custom made.**

**A large inventory of standard items for the vacuum industry are warehoused in our Surrey, BC warehouse. We are therefore able to offer next day shipping on many items, which minimizes your inventory levels and storage requirements.**

**For those specialty designed items, we work with you from the design concept through to pricing, prototype, approvals and packaging. Normally, this process can be accomplished in as little as 4 months time at an economical cost.**

## **Specialty**

**JKL offers turnkey product development for customers that are interested in items that are manufactured to their requirements and specifications. This often consists of designs, concepts, model presentations, standards approvals, labelling and packaging.**

**The standard time frame is 4-6 months from the concept to delivery, depending on the complexity of the product. We offer a cost effective method to ensure your ideas are turned into reality.**

# Central Vacuum Parts

## “Galaxy” PN22 Powerhead & Ratchet Wand

### Features & Benefits

- Carpet height adjustment with 6 settings. Can be used on a variety of different carpeting and flooring.
- Dirt Sensor - Lets user know if area is clean
- On-Off Switch - Enables powerhead to be used without a spinning roller
- Yoke release pedal - Locks neck, preventing wand and hose from falling over
- Convenient and easy to use wand release mechanism on yoke
- Motor overload circuit protector shuts unit off before damage occurs
- Access door allows easy removal of any blockages
- Rubber wheels - Non-marking and prevents damage to hard surface flooring
- See-through window - Able to visually check that brush roller is turning
- Yoke mechanism rotates and swivels allowing vacuuming under low clearance objects (bed, couch)
- 14” wide cleaning path - Greater area is covered for faster vacuuming
- Chevron style brush roller helps direct dirt into powerhead
- Headlight - Illuminates vacuuming surface
- Complete with aluminum ratchet wand with cord management bracket and protective cord cover

<u>Part#</u>	<u>Color</u>	<u>Case Qty</u>
61010	Matte Black	4

# Central Vacuum Parts

## “Comet” PN11 Powerhead

### Features & Benefits

- Steel brush roller with 4 brush strips
- See-through brush roller window
- 13.5” wide cleaning path
- Long lasting geared belt
- Motor overload circuit protector shuts unit off before damage occurs
- Non-marking front bumper and wheels
- Convenient On/Off switch
- Headlight - Illuminates vacuuming surface
- Button lock neck

<u>Part#</u>	<u>Color</u>	<u>Case Qty</u>
61015	Grey	4
61017	Matte Black	4

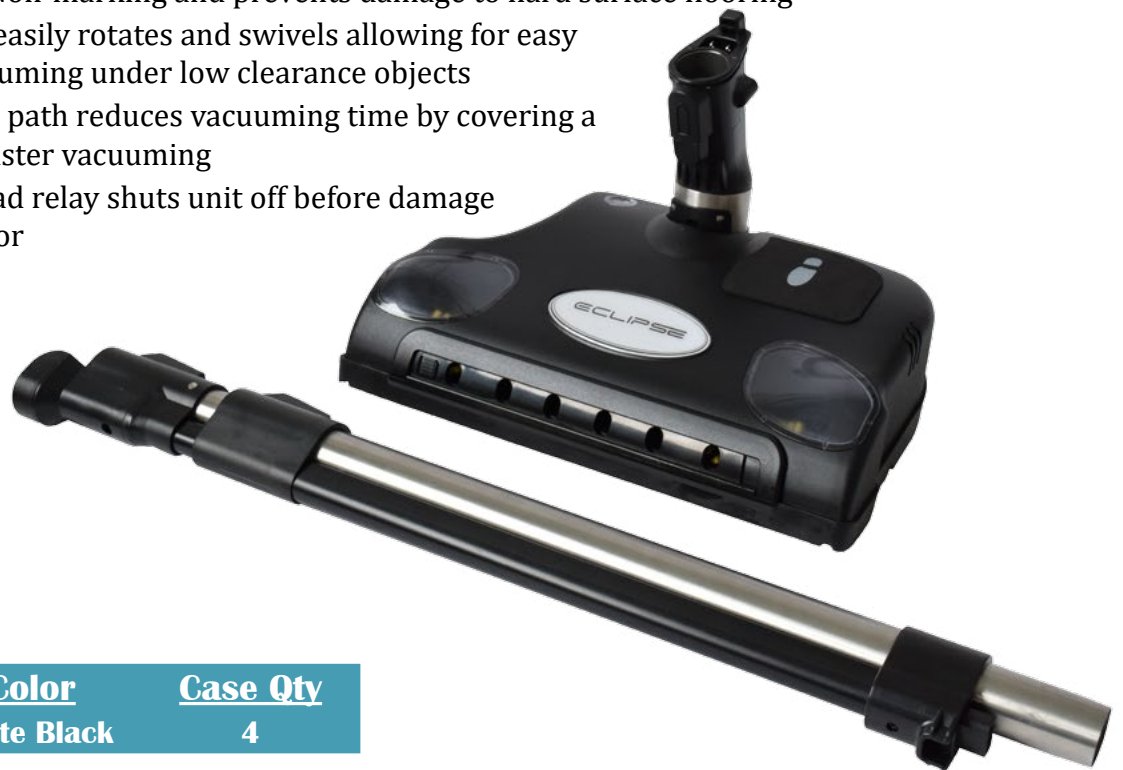

# Central Vacuum Parts

## “Eclipse” PN5 Powerhead & Ratchet Wand

### Features & Benefits

- Complete with stainless steel telescopic ratchet wand with cord management bracket and protective cord cover
- Convenient and easy to use wand release mechanism on yoke
- Edge cleaning feature
- High quality triple bearing brushroller that always stays balanced
- Manual airflow adjustment for high pile carpeting
- Long lasting geared belt
- Chevron style brush roller helps direct dirt into powerhead
- Rubber wheels - Non-marking and prevents damage to hard surface flooring
- Yoke mechanism easily rotates and swivels allowing for easy steering and vacuuming under low clearance objects
- 14” wide cleaning path reduces vacuuming time by covering a greater area for faster vacuuming
- Automatic overload relay shuts unit off before damage occurs to the motor

<u>Part#</u>	<u>Color</u>	<u>Case Qty</u>
61019	Matte Black	4
